BAILEY SPEAKS IN OPPOSITION OF TARIFF BILL

Texas Senator Utters Strong Denunciations of the Principle of Protective Tariff.

ANSWERS THE SENATORS WHO INTERRUPT HIM

TAKES MONEY FROM ONE MAN TO ENCOURAGE ANOTHER IN UNPROFITABLE BUSINESS.

Washington, April 26.—Denouncing the principle of a protective tariff as unfair in taking money from one man to give it to another in order to encourage him in the pursuit of an otherwise unprofitable business, Senator Bailey of Texas today delivered a speech on the Democratic side in opposition of the pending tariff bill.

After he had proceeded without interruption for more than an hour, several senators engaged in colloquies with him. Referring to Mr. Bailey's statements that the duties of the pending bill might be \$3.1-3 per cent. Mr. Aldrich asked whether he supposed the profits of American industries equalled that amount.

Mr. Bailey replied that in the case of the United States Steel corporation he believed they had, and cited the increased capitalization of that organization as an evidence of enormous profit. He insisted that such a lowering of the rate of duty would not seriously affect importations because he believed American manufacturers would be stimulated by the added foreign competition and would continue to supply the markets.

Mr. Bailey discussed his amendment providing for an income tax, which was attacked by Mr. Aldrich as tending to reduce the protection for American labor. If it should result in a proportionate decrease of customs duties.

Mr. Bailey favored restriction of immigration as a protection to American labor.

Mr. Aldrich retorted that while Mr. Bailey was ready to keep the foreign laborer from our shores, he was not averse to allowing the product of this labor to come in competition with the product of American workmen.

Mr. Bailey will resume tomorrow, when he will devote his attention to the purely legal aspects of an income tax law.

Opposes Commission.

In beginning his talk Mr. Bailey first took up the proposition to turn over to a tariff commission the consideration of the schedules of the tariff bill, commenting on which, he declared he did not believe in "turning over to political enclaves" the consideration of such a great question even though they were so impartial as to "entertain no aversion for what is not preferred for what is good." The question of tariff-making has always engaged the attention of statesmen and he did not believe in withdrawing it from the people to place it in the hands of a commission. He would not let the tariff be made by a few men, but he declared was impossible in this country.

"I do not hesitate to say," he added, "that I believe in taxing wealth instead of consumption and it is in my power I would compel every man to contribute towards the support of this great government according to what he has and not according to what he wants."

Mr. Bailey said if he could do so he would abolish all tariff duties and support the government by the same general system of taxation that exists in the different states, but the restrictions upon direct taxation would make that policy impossible, and he would not disturb that restriction if he could do so. That restriction would make the citizens of some states pay a higher duty than the citizens of other states, and without direct taxation which, for that reason, becomes impossible. It would not be possible to raise enough money by any form of taxation without custom duties.

The Protective Tariff.

Speaking of the principle of the protective tariff, Mr. Bailey said: "If you have ended when it gave your fellow citizen an advantage over the citizens of another country I would be one of its most ardent supporters. But it does not end there, because its inevitable effect is to give a few of our fellow citizens an enormous advantage over others of our countrymen."

His Amendment.

Referring to his proposed amendment for an income tax, he directed his remarks to Senator Aldrich and said there was a time when such a proposition was described as a plan to redistribute fortunes. "But," he added, "the senator from Rhode Island, when he recently referred to this proposed tax, forbore to repeat that statement, because he would have had to settle with some fifteen or twenty of the men of greatest ability and highest character on his side of the chamber, and it was with deference to them, and not to save sensitive natures that he contented himself with saying that such a tax should not be levied because it was not necessary, as the bill reported to the senate would raise enough revenue without this income tax."

Mr. Bailey insisted that the senator from Rhode Island did not escape the Democratic argument by any such statement as that. He said if he had would raise enough money to support the government, taxation from this source could be reduced in proportion to the amount of revenue raised by the income tax.

He rebutted the idea that a lowering of customs taxes would increase revenue and declared it would only result in causing the American manufacturer to reduce the price of his article and to reduce his profits, "already so enormous as to stagger the imagination."

"Do you ask me to believe that the great steel corporation could not have

MISSING GIRL FOUND ON TRAIN

Miss Adele Boas Is Located by Detectives as She Returns to New York City.

WANTED TO EARN LIVING

DIFFICULTIES ENCOUNTERED IN BOSTON RESTAURANT.

New York, April 26.—Miss Adele Boas, the missing daughter of Arthur F. Boas of this city, was found on board a train arriving from New England this afternoon and was taken to the home of her father in this city.

About fifty people gathered about the Boas residence when the carriage drove up with Adele Boas. The girl rushed into her uncle's arms. Though she appeared in good health, Mr. Boas called a physician, as he believed his daughter might have been suffering from some mental trouble.

Miss Boas was found in a New York, New Haven & Hartford train at Stamford, Conn., by detectives. She went away voluntarily, she says, under the impression that she would like to earn her own living. She made every effort to elude the police. At Stamford the detectives accosted her.

"Are you not Adele Boas?" one of them asked.

"No, I am not," the girl replied, defiantly.

But the detectives were certain they had found the girl and under a rapid fire of questions she soon admitted she was Adele Boas.

Miss Boas told the detectives that she possessed \$14 in cash when she left home. She stayed in this city until after nightfall Friday and then boarded a train for Boston, where she arrived Saturday morning. She obtained employment at a restaurant. She worked only a few hours when she cut her finger and was discharged for her awkwardness.

Saturday evening she saw her photograph in a newspaper and a story of her disappearance from home, saying the police were looking for her. She determined to return alone to New York, but waited until this morning, when she boarded a train from Boston.

"UTAH'S SONG BIRD" HAS BIG TRIUMPH IN BERLIN

Emma Lucy Gates Signs Contract With the Royal Opera Company for Five Years.

Word reached this city yesterday of the triumph of Emma Lucy Gates, "Utah's song bird," in grand opera in Berlin. It was known before to a few of her friends that a contract had been made with the Royal Opera company, but it was not expected that the young singer would appear with the company till some time in May. It was therefore a welcome surprise to learn that she already had begun, making her debut in the opera. Der Frelschütz, by Von Weber, on the night of April 17, and that she was singing on last Saturday night in "Mignon." These two trial roles are a part of the contract, and the second role is very different from the first, this means that the young singer has a contract for five years with the Royal Opera company of Berlin.

As the opera season opens with September it is quite likely that Miss Gates will have a direct and personal contact with the people of the summer here, returning to begin her work in the autumn.

CHILDREN AID FATHER TO SECURE DIVORCE DECREE

Charles W. Kimberley Secures Freedom on Agreement to Let Wife Have Custody of Two Children.

Charles Wallace Kimberley was granted a divorce yesterday in Judge C. W. Morse's division of the district court on the showing that his wife, Guyelma P. Kimberley, desired him to leave the state of Utah. The divorce was granted on the condition that the divorce be granted on the condition that she have the custody of the two children, Peter L., aged 12 years, and Charles W., Jr., aged 12 years. She is also given a third interest in the estate of the late Peter Kimberley, Sr., of Sharon, Pa.

The Kimberleys were married in Polk county, Minnesota, in July, 1882. When Kimberley came to Utah in 1902 Mrs. Kimberley refused to accompany him and has since refused to come here to live.

Depositions of the two daughters, Leonore A., aged 24 years, and Edna P., 22 years, were received to the effect that they had been present when the mother told Kimberley that she would never live with him again, here or elsewhere.

The Kimberley estate is said to be a large one, but no evidence as to how much it will amount to was introduced.

Mrs. Kimberley was quite satisfied to receive a third of it as alimony.

REDUCTION OF FREIGHT RATES

Transcontinental Railroads Cut Present Rates to the Pacific Coast.

Washington, April 26.—An important series of rates was today filed with the interstate commerce commission affecting westbound traffic to Pacific coast terminals. The rates, which are to become effective June 5, make an average reduction of ten cents per hundred pounds on all commodity tariffs from the Atlantic seaboard to the Pacific coast.

On Jan. 1 the transcontinental railroads put into effect rates to the Pacific coast, to which the western shippers strenuously objected. It was evident that complaints were to be made to the interstate commerce commission unless some amicable adjustment of the situation could be reached.

In February at Chicago conferences were held between representatives of the shippers and railroads at which a tentative agreement was reached. The result of that agreement is embodied in the tariffs just filed. No reduction has been made in the eastbound traffic from the Pacific coast, but it is expected that tariffs soon to be filed will make a corresponding reduction on such traffic.

Kermit and Theodore Roosevelt Feel Indisposed After Pursuing Lions.

Nairobi, April 26.—Both Theodore Roosevelt and his son Kermit are indisposed today as a result of their recent hunting activity and their journey from Kapiti plains to the ranch of Sir Alfred Pease on the Athi river. They are resting from their fatigue at the ranch.

Theodore Roosevelt left Kapiti plains yesterday and went to the ranch of Sir Alfred Pease, on the Athi river. Major Mearns, Edmund Heller and J. Alden Loring, members of the Roosevelt party, went over to Sir Alfred's this morning. George McMillan and F. C. Selous are going to Machakos via the Pease ranch on Wednesday. Lions are reported numerous on Mr. McMillan's Juba ranch, and there is a herd of 150 also on Mr. Hurley's ranch, where Mr. Roosevelt will hunt.

The weather here and at the Pease ranch today is cloudy and heavy rains fell last night. The prospects of sport on the plains are exceptionally good, owing to the rainfall.

There have been no more cases of smallpox in the Roosevelt caravan.

NEW JURORS IN HAINS CASE

Indications Are That Panel in Murder Trial Will Be Completed Today.

Flushing, N. Y., April 26.—With ten jurors in the jury box and the peremptory challenges allowed by law to each side nearly exhausted, it is likely that another day will see the jury completed and the real battle begun for the life of Captain Peter C. Hains, Jr., now on trial here for the murder of William E. Annis.

Should a commission in lunacy to determine the defendant's present mental condition be appointed it will be ordered by the court, either on application of District Attorney Devitt or as soon as any evidence of insanity is presented by the defense. John F. McIntyre, chief counsel for the defense, contends that his client is insane, but said today he was not in a position to ask for a lunacy commission. If the case is allowed to go to the jury several alienists will be called as witnesses by both sides.

JUST FIRED TO SCARE GIRL

Soldier Lucas Says He Had No Intention of Injuring Miss Caroline Hassard.

W. E. Lucas, private in the hospital corps of the Fifteenth Infantry, will probably face a civil court today as a result of having attempted to kill Miss Caroline Hassard Sunday afternoon, after being killed by the young woman.

Lucas escaped from the home of Miss Hassard at 78 Olive avenue during the confusion following the firing of the shots, and returned to Fort Douglas. He returned to this city later in the day and remained in hiding until 7:15 o'clock yesterday morning, when he appeared at police headquarters and gave himself up. He is now confined in the city jail.

Lucas stated last evening that he fired the shots to frighten the girl, and had no intention of injuring her.

A complaint was sworn to at the office of County Attorney Job Lyon yesterday against Lucas, charging him with assault with a deadly weapon.

MASKED ROBBERS HOLD UP SALOON

Town of Murray Treated to Real, Live Sensation Last Evening.

CLEAN OUT CASH REGISTER

EIGHT CUSTOMERS HOLD THEIR HANDS IN THE AIR.

Two masked robbers, carry 44-calibre revolvers, entered the Union Pacific saloon at Murray shortly after 11 o'clock last evening and after forcing everyone present to put up their hands, robbed the cash register, searched the pockets of the customers, proprietor and bartender, and backed from the place. Before leaving the robbers compelled everyone to line up at the bar and extend their hands behind them across the top. They obtained \$200 in gold, bills and silver, together with a gold watch, the property of Fred Carlson, the proprietor.

Arthur Lundgren, bartender at the saloon, last evening told of the robbery to a representative of The Herald.

"Eight of us, in addition to Mr. Carlson, the proprietor, were at the bar drinking, when we heard a slight noise at the door. I turned and saw two men of medium height standing just inside the saloon, one of them adjusting a handkerchief about the lower part of his face. When they saw they were observed they both covered us all with revolvers and ordered us to put up our hands."

Proprietor Struck Down.

"Carlson was the nearest to them, and as they advanced he stepped forward and attempted to pull the handkerchief from the face of the man nearest him. Quick as a flash the other robber whipped his gun back and struck Carlson over the head, dropping him to the floor. They then turned their attention to us, and lined myself and the others up against the wall. One of them went through our pockets while the other, keeping us covered, worked his way behind the bar. When he reached the cash register he emptied it of all the money in it, about \$165, and walked back in front of the bar to where Carlson was just struggling to his feet.

"He forced Carlson to put up his hands and went through him, taking his gold watch and a few dollars in money. They then lined us up with our backs to the bar and forced us to put our hands as far back as possible on its top. Warning us to stand in that position for five minutes, they ran from the door and around the corner of the building."

Constantine Moss was immediately notified of the robbery and, organizing a posse of citizens, started out in pursuit of the criminals. The Salt Lake police were notified to keep a lookout for the men, who are described as being about 5 feet 10 inches tall, and at the time of the robbery wore dark suits and dark soft hats.

Carlson was not seriously injured and was able later to join in the search for the robbers.

TURKEY'S SULTAN MAY BE DEPOSED FROM HIS THRONE

His Abdication Is Now Believed to Be a Matter of Certainty.

CHURCH FRIENDS LEAVE SULTAN ABDUL HAMID

CONSTITUTIONAL AND ECCLESIASTICAL RULERS ASSIST SULTAN IN POLICY.

Constantinople, April 26.—The deposition of Sultan Abdul Hamid appears now to be certain, and the 101 guns saluting Mohammed Rechad Effendi as the new ruler of the empire probably will be heard before the next selamlik on Friday. The dignitaries of the church care as little for Abdul Hamid as does the committee of union and progress, but the higher clergy are seeking to curb the agitation of the enthusiasts of the Mohammedan league.

A caucus of senators and deputies today determined to make an effort to try to compel the sultan to abdicate under the ecclesiastical law, by the terms of which a decree may be issued by the Sheikh-ul-Islam pronouncing the sultan incapable of ruling.

A canonical rescript will be demanded on the ground that the sultan's supremacy is harmful to the church, contrary to the sacred law and unjust to the Turkish people. The program is that a demand shall be made for the abdication of Abdul Hamid simultaneously from the highest court of the church, from the national assembly and from the military chiefs. The sultan will be offered a palace and liberal allowances.

The constitutionalists have no wish to oppose ecclesiastical authority, nor to undertake the tasks of progress without the support of a majority of the Mohammedan wise men.

Mohammed Rechad Effendi, the heir apparent to the throne, has lived practically a prisoner for 25 years in the large palace and gardens not far from the Yildiz Kiosk. Since the July revolution, however, he has often been in the streets looking from the carriage windows upon the scenes in the thoroughfares which must have been strangely interesting to him. He is gray haired and not very strong. He is 45 years of age and well educated, although inexperienced in the affairs of the world.

Albanians Surrender.

This afternoon witnessed the final act in the siege of the Yildiz. General Scheket, commander of the constitutionalists, overawing the Albanians into surrender. This force, composed of 200 men, was stationed in the imperial palace. The Albanians did not fight last Saturday, but persistently refused to law down their arms.

General Scheket sent up a strong body of Macedonians and six field pieces were placed in a prominent position above the palace.

Other guns were disposed over the neighboring heights, while the troops commanded all the approaches. The red flag continued, however, to fly defiantly until 2 o'clock, when the watchers saw it dropping slowly down the flag pole, making place for the white token of surrender. A few minutes later a crowd of fugitives were seen pouring down the dusty road leading to Beshimtah, where they were fastened together with ropes and conducted under a military escort to headquarters of the commission of inquiry.

The prisoners included domestics, eunuchs, pages, secretaries and practically the entire male staff of the palace, as well as the famous fusiliers, the spoli proteges of the sultan. Their commander was arrested in disguise at Galata and severely handled and subjected to indignities.

The Salonikians show great severity. Many of the arrested Sofias, credited with being reactionaries, have been brutally treated and others, concerning whose loyalty there is doubt, have not entirely escaped. The vigorous search continues, even into the European quarters. It is estimated now that at least 10,000 prisoners are in the hands of the Salonikians. Those liable to severe punishment, such as the rebellious Saloniki chassours, have been securely roped. Among the civilians arrested are Maudred Bey, editor of the Mizan; Abdur Rahman Effendi, assistant minister of finance, and several high officials of the porte. A number of reactionary newspapers have been suppressed.

Fresh battalions continue to arrive from the country districts. As they came in today each marched to the palace of justice, where the parliament was sitting, and saluted the representatives of the government. Many of the soldiers went to the mosques to pray.

The condition of Frederick Moore, the American correspondent who was killed while watching the fighting on Saturday, is causing anxiety. His wound may prove more serious than at first supposed. The surgeons will not be able for two or three days to give a definite opinion as to whether his spine is injured.

Alexander A. Gargulio, first dragoon of the American embassy, who also was wounded by a stray bullet, is improving. He likely will be well in a fortnight.

SEWELL MUST HANG.

Pardon Board of Idaho Will Not Interfere With Judgment of Court.

(Special to The Herald.)

Boise, Ida., April 26.—The pardon board today unanimously refused to interfere with the judgment of the court in the case of Fred Sewell, who is under sentence to hang May 7 for the murder of a woman of the underworld in Moscow. He was convicted last December. Governor Brady has twice reprieved him.
